

# **Bug Reports**

ID number	#1
Name	Settings – Screen glitches between white and dark When switching themes
Reporter	Fady Tadrous
Submit Date	07/02/2024
Network	Orange 4G network
Attachment	<a href="https://drive.google.com/file/d/1fZxfo9cqK7W5Hi8oCxVeCzewikibFog/view?usp=sharing">https://drive.google.com/file/d/1fZxfo9cqK7W5Hi8oCxVeCzewikibFog/view?usp=sharing</a>
Affected Device	Samsung A52s
Operating System	Android version 13
Severity	Medium
Assigned to	/
Priority	Low
Impact	Low

## **Description**

When I choose to switch themes, and go back screen switches between dark and light themes

## **Steps to reproduce**

1. Open the App
2. Click on Settings on the top right.
3. Choose to switch themes from light to dark
4. Click Return

## **Expected result**

The theme should be set to dark

## **Actual result**

The screen switches to light theme for 1 second first

## **Notes**

ID number	#2
Name	Tasks – Filtering with tags is not working for a task with someday reminder
Reporter	Fady Tadrous
Submit Date	07/02/2024
Network	Orange 4G network
Attachment	<a href="https://drive.google.com/file/d/1fcOcnWXPvxhLc4QeDGMMg3fnlFUxZm28/view?usp=sharing">https://drive.google.com/file/d/1fcOcnWXPvxhLc4QeDGMMg3fnlFUxZm28/view?usp=sharing</a>
Affected Device	Samsung A52s
